Nicola brings home the East Midlands Award for best Home care worker...

In November 'Nicky' marked the end to a wonderful year by winning the 'Great British Care Award' for the best Home Care Worker in the East Midlands.

In November we had the pleasure of attending the Gala evening where we were with many providers sharing the talents of others.

Nicky was amongst 4 finalists from our organisation and was so deserving of this win!

Some of the team got to celebrate and we are delighted to let you know that 'Nicky' now will attend the Nationals in March for her category.

Our other finalists who were shortlisted were:

- Leigha – Coordinator award.
- Jane – Workforce development award.
- Heather – Outstanding contribution to social care award.

Holly is shortlisted in the Lincolnshire Care Awards...

Holly has been recognised and shortlisted as a rising star!

This award category recognises an individual new to care who shows a real passion and has made a positive impact on the people they support.

These awards are held by 'The Lincolnshire Care association.'

As a shortlisted finalist 'Holly' attended a special judging day in Lincoln in December. She was accompanied by Julie our Care Supervisor.

They took part in lots of challenges and were treated to an afternoon tea.

It was a lovely afternoon enjoyed by both!

We now eagerly await the finals being held in March!

Holly joined us last year and took to care as if she had been doing it for years. She is a lovely asset to our team and all whilst she is at university too!

Congratulations Holly! Your most certainly our Rising Star!

Making companionship care visits count....

Our Care Hero Donna had a wonderful companionship visit recently with our customer Jean! Jean has always loved to cook and bake and over recent months can sometimes find this love harder to achieve.

Donna and Jean set their creative minds into action.

They made some 'Peppermint creams' and have recently even been attempting to take their hands to making some fudge!

We were very grateful at the office too as we were sent some too. If you have a hobby and we can help you achieve this do let our care team know!

Training behind the scenes....

Featured here our carer 'Jo.'

Over the last few weeks we have been busy behind the care visits on the front lines ensuring all of our team receive their regular refresher training.

Enabling us to stay up to date with legislation and new guidance. This enables us to provide your care safely and to a high standard!

A big thank you to 'Julie and Jane' our trainers who ensure the team are skilled to provide outstanding care.

WELL DONE JO! AN INFECTIOUS SMILE AS ALWAYS!

Meet our newest team members....

Our newest team members are making great strides in their inductions to our team! Already becoming great assets to our team and making a difference!

Please welcome:

Maddie Right

Bethany bottom left

Michelle and Megan bottom right!

What our team had to say...

We asked some of our team members about what they had to say about 'Wright Care at Home.' We have such a rock star team and whilst we are on a recruitment campaign we loved hearing what they had to say!

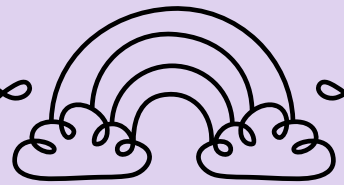

What Our Team Say

Megan
Care Assistant - Bourne

I have worked for Wright Care at Home since July 2023, it was the best decision I made. It is like one big family and for the first time I feel appreciated and valued as a care assistant. I love going to work and seeing my regular customers. They are like extra family members what I go above and beyond for.

TEAMWORK MAKES

THE DREAM WORK!

What Our Team Say

Maddie
Care Assistant - Bourne

I have only recently joined Wright Care with no care experience before hand. I have felt so welcomed and supported in everything I do. I thoroughly enjoy going to see customers and being able to make a difference in their day. It is such an interesting job and I have learnt so many new things. The best decision I made was to join Wright Care at Home.
