

INSIDE THIS ISSUE

- We turned 9! in April
- Supporting Marie Curie in Stamford.
- Easter and VE Day
- Training behind the scenes.
- New carers join the team.
- We say farewell to Jane as she retires.

We turned 9 in April..

In April we celebrated our 9th anniversary of providing home care in Stamford and Bourne.

We always like to reminisce every April and ensure we mark the day in some way!

We are always proud of our care and management team past and present.

They go above and beyond to always ensure our customers receive a high level of care and they are the reason behind our multiple national awards!

2024 saw us take home the Palliative care award, SME Best Home Care provider award and the GBCA Employer for the East Midlands.

None of these awards would have been possible without the dedication given from the whole team.

We have the best jobs! We get to meet and provide support to such incredible families. We are extremely grateful to all of the customers who choose us.

Throw back to our first birthday in 2017. Margie, Sammy and Simon. The Directors and Founders.

We supported the Daffodil Appeal for Marie Curie in Stamford.

We had a fantastic day collecting well deserved donations for Marie Curie.

Our office team headed over to the High Streets of Stamford for the day to support with the collections.

Don't they all look fantastic!

We have worked with Marie Curie since 2016 and are very committed to community partnership working where we can continue to fundraise for charities that support our customers.

Nicola, Leigha, Julie and Sarah.

Easter and VE Day celebrations with our customers....

We enjoyed celebrating Easter and the VE Day anniversary with our customers. Our carers delivered lots of sweet treats to mark the occasion.

We loved seeing lots of lovely photos. A big thank to to Leigha for organising these gorgeous and thoughtful gifts, we cannot wait for your next event!

Training behind the scenes....

Jane has had a busy few weeks training as we welcome new carers to the team.

Jane has been busy ensuring our carers have completed their induction thoroughly to support them as they start their work in the community. From Basic life support to learning the skills it takes to make an excellent carer, we invest so much time in our team.

Thank you Jane and well done to all our new starters!

We say farewell to Jane as she retires..

Our lovely Jane, who has been with us since 2022 is retiring in June.

Jane has been a wonderful asset to our team over the last few years really bringing our training forward to support our teams.

From a career in the forces, working as a Nurse and many years in Health and social care its such a privilege that we were the company she leaves in her working career.

We are so happy to wish Jane a wonderful retirement and cannot wait to hear about what she gets up too.

Jane you have been amazing and we will miss you!
